BIG BEAR is a concentrated all purpose cleaner & degreaser. With a balanced blend of solvents, surfactants, softeners and corrosion inhibitors, BIG BEAR removes dirt, grease, oil and other soils quickly and easily. It can be diluted up to 40 to 1 with water to form a cleaning solution for a multitude of jobs. It is effective with warm or cold and soft or hard water. It is superb for floors, walls, and various types of industrial machinery.

DIRECTIONS FOR USE:

Spot test on an inconspicuous area before use. Proceed if completely satisfied. Do not use on marble, wood or other sensitive surfaces.

Kitchens: Remove food products and packaging materials from the room or carefully protect them. Dilute 1:5 to 1:10 or as appropriate. Spray or apply as desired and clean. Once clean, rinse surfaces thoroughly with potable water. Remove all residues from food contact surfaces.

Sinks, Bath Tubs and Restrooms: Dilute 1:5 to 1:10 with warm water. Spray or brush area to be cleaned. Allow a few moments for product to penetrate, then rinse with clean water and wipe dry.

Walls & Floors: Dilute 1:20 with water for light soil and 1:5 for heavy soil. Spray liberally over surfaces to be cleaned. Allow a few moments to penetrate. Use brush if needed. Remove completely and dry. Do not use on waxed floors. Use Easy Mop instead.

Whitewall Tires: Dilute 1:10 with water, spray on, brush and rinse with clean water.

Engines: Dilute 1:8 with hot water, spray on engine and rinse with high pressure water.

Carpets: Dilute 1:25 with water for carpet and fabric cleaning. Do not overuse or use as carpet extraction.
