Freezer Ice Melter

#2401L25

1Quart (0.95 Liters) 1Gallon (3.8 Liters)
55Gallons (208Liters) (unless checked otherwise)

2950 Mowery Road, Houston, Texas 77045 (713) 413-9700

Non-Hazardous & Non-Flammable

Freezer Ice Melter #2401L25 is a safe and economical solution to freezer icing problems. Highly concentrated, this special formula combats ice by softening it to a slush, which can then be removed easily. No more scraping and hard physical labor to remove ice; just add, wait and remove.

APPLICATION: Always test a small area first. Continue use only if fully satisfied with the performance. Use straight. Do not dilute with water or mix with other chemicals. Pour onto ice, snow or frost. Once ice is softened, remove immediately and as completely as possible.

This product is not formulated for all applications. Do not use as a windshield fluid or anti-freeze.

Keep away from direct sunlight, heat or extreme colds. Store indoors, preferably at temperatures between 60-100°F.
