

MATERIAL SAFETY DATA SHEET

ARCOT Manufacturing Corporation
2950 Mowery Road
Houston, Texas 77045-4809

Emergency Telephone:
(713) 413-9700
Date Prepared: 02/23/2010

SECTION I				
Product Identity (Name / Number)		NEUTRALIZE Odor Counteractant & Deodorizer / 7750 (Various fragrances and colors)		
Chemical Family		Deodorizer / Cleaning Compound		
SECTION II - Hazardous Ingredients				
Hazardous Components	OSHA PEL	ACGIH TLV	Other Limits Recommended	% (optional)
Isopropyl Alcohol	400 ppm	400 ppm		Proprietary
Ethyl Alcohol, Denatured	1000 ppm	1000 ppm		Proprietary
SECTION III - Physical & Chemical Characteristics				
Boiling Point		Specific Gravity		1
Above 190°F				
Vapor Pressure (mm Hg)		Melting Point		N/A
Not Determined				
pH		Evaporation Rate (Ethyl Ether=1)		Less than 1
8				
Solubility in Water		Appearance / Odor		Clear liquid (might be colorless, yellow or green) / various (might be bubble gum, cherry, lemon, mint, pine or sunfresh)
Complete				
SECTION IV - Fire & Explosion Hazard Data				
Flammable Limits (Explosive Limit)		Upper: N/A	Lower: N/A	
Flash Point (Method Used)		N/A		
Extinguishing Media		Material is non-flammable. Water spray, foam, carbon dioxide, or dry chemical may be used for surrounding fires.		
Special Fire Fighting Procedures		Product is not flammable. Wear full protective clothing.		
Unusual Fire and Explosion Hazards		Avoid contact with aluminum, zinc, tin and their alloys since product reacts with these metals generating hydrogen gas which is flammable and/or explosive when ignited. Do not mix with strong acids to prevent violent or explosive reaction.		
SECTION V - Reactivity Data				
Stability:		Unstable	X	Stable
Hazardous Polymerization:		X	Will Not Occur	
Conditions To Avoid		Excessive heat		
Incompatibility (Materials to Avoid)		Strong oxidizing agents; Strong acids; also see Section IV.		
Hazardous Decomposition or Byproducts		Nitrous oxides and ammonia cal vapors		

SECTION VI(a) - Health Hazard Data

Inhalation May irritate mucous membranes. Prolonged inhalation of vapors may cause nausea, disorientation and loss of motor skills.

Eye Even slight contact of the liquid with eyes will result in irritation and may be corrosive.

Skin Product is irritating.

Ingestion Irritating to mucous membranes.

Reported As Potential Carcinogen or Carcinogen

International Agency for Research on Cancer	X	Not Applicable
National Toxicology Program		OSHA

SECTION VI(b) - First Aid Procedures

Inhalation Remove victim to fresh air. If breathing is difficult, administer oxygen. If not breathing, perform artificial respiration. Get medical attention.

Eye Immediately flush eyes with plenty of water for at least 15 minutes, while holding eyelids open. Get medical attention.

Skin Wash thoroughly with water for at least 15 minutes. Remove contaminated clothing. Get medical attention.

Ingestion DO NOT induce vomiting. If conscious and alert, give large quantities of water. Follow by administering milk. Get medical attention.

SECTION VI(c) - Employee Protection

Respiratory Protection (Utilize NIOSH approved respirators. Refer to manufacturer's protection factors and OSHA standard 1910.134 as a guideline.) If TLV of product is exceeded, use NIOSH approved respirator, fully enclosed.

SPECIAL PROTECTION INFORMATION:

EYE If splashing is possible, use chemical safety goggles or full face shield.

SKIN If skin contact is possible, use impervious gloves and protective clothing.

VENTILATION Provide sufficient mechanical ventilation to maintain exposure below TLV's.

SPECIAL PROTECTION Impervious clothing and boots may be worn to prevent skin contact. Showers and eyewash facilities should be in close proximity.

SECTION VII - Special Precautions

Handling and Storage Store in dry, cool area away from strong acids. Do not store in metal containers.

Other Precautions Spilled material may be slippery. Rinse thoroughly after handling.

SECTION VIII - Environmental Protection

Spills / Releases Trained personnel wearing protective equipment should contain large spills. Scoop up and wash site. Notify authorities for spills of 100 gallons or more.

Waste Disposal Method Recover material or dispose of in accordance with applicable local, state and federal regulations.

DISCLAIMER

The information contained herein is based upon data available to us and reflects our best professional judgement. Since it is impossible to anticipate the conditions under which our products may be used, we cannot guarantee that the recommendations will be adequate for all individuals and situations. Each user of this product should determine the suitability of the product for his particular purpose and should comply with all federal, state and local regulations. Our goal is to manufacture products with zero or minimal hazards. Our products are improved daily as up-to-date information and research is received from our suppliers to use products with less or no hazards. Please feel free to contact us for current information.
