This product is a concentrated laundry sour used frequently on most water-washable fabrics such as shirts, jeans, uniforms, sheets and towels. It brightens and whitens fabrics, reduces rust stains not removed by detergents and helps in the rinsing process.

Do not use this product on silk, wool, nylon or other sensitive fabrics.

**Application:**

Read Material Safety Data Sheet Carefully Before Handling. Wear impermeable gloves. Wear safety glasses if splashing or eye contact is possible. Always follow washing instructions on the machine and the clothing.

Dispense 2-6 oz. per 50Lb. commercial load or as necessary. Add material onto water. Do not apply the concentrated product directly to fabric.

Keep away from other chemicals. Mix only with water. Do not add this product to any dispensing device containing remnants of any other product.
